

PALLADIUM CHEST PRESS SPL-0900

A vision to the future, premium craftsmanship meets advanced biomechanics in TRUE's Palladium Series. Advanced functionality, comfortable touchpoints, and precise ergonomics are all packaged in a modern design. Set your facility apart and provide users with an intuitive strength-training experience with the Palladium Series.

FEATURES

- 8 position seat adjustable while seated or standing uses premium grade linear bearings and gas cylinder assist for stable, low friction adjustments
- Unilateral press arms converge at 25 degrees in front of the user resulting in full articulation of the shoulder complex
- Unique 4 position adjustable seat back allows users to change horizontal handle position with respect to the shoulder
- Overhead pivot design allows handles to travel in slight natural upward arc for maximum muscle recruitment

USER AMENITIES

- Height Adjustment Guide
- Easy access phone cradle and accessory storage tray with cup holder
- Integrated adder weight system reduces increments to 5 lbs / 2.3 kg

The image shows the TRUE Palladium Chest Press machine, a black frame with a tan upholstered seat and backrest. The machine features a unilateral press design with two arms that converge at 25 degrees. A height adjustment guide is visible on the right side of the machine, and a warning label is on the left. A blue line points from the height adjustment guide to the seat area.

ADJUSTMENT GUIDE
