SCAN FOR UP-TO-DATE
OWNER'S MANUAL

MODEL XFW7910
(MAN-XFW7910 REV02)

**OWNER'S
MANUAL**

IMPORTANT—PLEASE READ

All products shown are prototype. Actual product delivered may vary. Product specifications, features, and software are subject to change without notice.

For the most up-to-date version of this manual, please see our website:

<https://truefitness.com/services-support/user-manuals/>

CONTACTING OUR SUPPORT TEAM

To contact TRUE for any of your pre or post installation questions, please call our toll-free numbers Monday – Friday 8:30am – 5:00pm (CST):

- Commercial Direct Customers and Corporate Accounts | 800.868.8783
- Retail Customers and Distributors | 800.883.8783

Or email us:

- Commercial Direct Customers and Corporate Accounts | service.direct@truefitness.com
- Retail Customers and Distributors | service@truefitness.com
- Service International | int.service@truefitness.com

When contacting TRUE, please have the following information ready:

- Serial Number of Unit
- Contact Information—Full Name, Email, and Phone Number
- Address of Facility or Residence
- Detailed Description Regarding Symptom of the Unit (along with pictures or video if applicable)

NOTE: Authorized service providers, dealers, and distributors may also use TRUE's online resource | portal.truefitness.com.

CONTACTING OUR SALES TEAM

Interested in owning more TRUE products? Please contact us with any product inquiries so that we may direct you to the appropriate sales representative to help answer your questions.

- Phone | 800.426.6570
- Email | sales@truefitness.com
- Hours | Monday – Friday 8:30am – 5:00pm (CST)

REPORTING FREIGHT CLAIMS OR PARTS DAMAGE

Unfortunately, sometimes materials can be damaged during shipment. If materials are damaged during shipment, please follow the guidelines below to determine the appropriate process for you to follow.

Severe Damage—Obvious damage to external packaging and internal product.

Please refuse the shipment and it will be returned to TRUE by the carrier. Contact TRUE product support by calling 800.883.8783 or sales support by calling 800.426.6570 Monday-Friday during normal business hours to notify us that the shipment has been refused. Once we have received the damaged shipment, a replacement shipment will be sent to you. If the shipment comes in multiple boxes, only refuse boxes with damage.

Slight Damage—Minimal damage to external packaging with unknown internal damage to product.

If the shipment has minimal damages and you are not sure if the actual product is damaged, you must sign the bill of lading as damaged when accepting the shipment. Once you have opened the box and you have determined something is indeed damaged, please gather the serial number, model number, description of damage, and photos of damage. Please make sure the photos include the damaged product as well as the damaged box the product arrived in. Contact TRUE product support (service@truefitness.com | 800.883.8783) or TRUE sales support (sales@truefitness.com | 800.426.6570) Monday-Friday during normal business hours.

Concealed Damage—No damage to external packaging but internal damage to product.

You may receive a shipment that looks intact and discover once the box has been opened that there are hidden damages. Please notify the carrier immediately. TRUE will not be able to file a claim if the carrier is not notified in a timely manner. Once you have called the carrier you will need to gather the serial number, model number, description of damage, and photos of damage. Contact TRUE product support (service@truefitness.com | 800.883.8783) or TRUE sales support (sales@truefitness.com | 800.426.6570) Monday-Friday during normal business hours.

SAFETY INSTRUCTIONS

IMPORTANT SAFETY INSTRUCTIONS—SAVE THESE INSTRUCTIONS

FACILITY AND USER SAFETY PRECAUTIONS

- Review and understand all of the warning labels affixed to this machine and on the facility safety sign.
- Be certain that the machine operation is understood before it is used. Refer to the instructional procedure label affixed to the machine.
- Make sure all users are properly trained on how to use this equipment. If this machine is being used in a commercial setting, end users may not have access to this owners manual. It is the responsibility of the facility to instruct users as to the proper usage of the equipment as well as making them aware of potential hazards. Maximum user weight is 300 lbs / 136 kg.
- Use each machine only for the intended exercise. Do not allow anyone to invent exercises not included on the instructional procedure label or the intended use label.
- Do not modify the machine.
- This equipment meets industry safety standards for stability when used for the intended exercise. Do not allow straps, resistance bands or other means to be attached to the framework of this machine to perform stretching or body weight exercises. This can result in machine instability and lead to serious crushing injuries.
- Keep children away from this equipment. Adults should closely supervise use by teenagers.
- It is recommended that users receive a thorough medical exam before commencing an exercise program. All medical issues should be reviewed to ensure that weight training will not aggravate pre-existing medical conditions.
- If the machine appears damaged or inoperable, contact a facility staff member to place an "OUT OF ORDER, DO NOT USE" sign on the machine until it is repaired. Only use TRUE supplied replacement components to service this machine.
- Instruct users not to wear loose or dangling clothes or have headphone wires hanging when using this equipment.
- Do not attempt to free any jammed assemblies by yourself as this may cause injury.
- On Plate Loaded and Free Weight machines:
 - Use of spotter(s). Instruct users to seek the advice of the facility staff as to the appropriate use of spotters when lifting. More than one spotter may be required depending upon the amount of weight being lifted.
 - Instruct users to load weight plates evenly and carefully to avoid tipping equipment and crushing injuries.
 - If the machine is equipped with safety stops or catches, inspect them and verify their proper operation before use and make sure they are securely in place before using or exiting the machine. Be certain members are instructed on how to operate and adjust all safety mechanisms.
 - This equipment is designed for olympic weight plates with a 50 mm bore (1.9").
 - Do not exceed the maximum weight capacity of the machine. Maximum plate size is 45 lbs (20 kg).

INSTALLATION SAFETY PRECAUTIONS

- Read this installation manual entirely before assembling this equipment.
- Verify that there is adequate space surrounding this piece of equipment for safe access and operation. Installation must meet ADA requirements for accessibility.
- Install this piece of equipment on a solid level surface that does not deviate more than 1/8" over a 10' distance (or as defined and required by local building and architectural codes.)
- TRUE strongly recommends that all equipment be anchored to the floor to prevent movement and increase stability.
 - Due to the wide variation of flooring on which the unit can be installed, contact a qualified contractor to determine an appropriate fastening system for your floor.
 - Use 3/8" diameter hardware (10 mm) to anchor the machine. Anchors should have a minimum pull out force of 220 lbs (110 kg) for each position.
 - When attaching the machine to the floor, if there is a gap between the machine foot and the floor, do not use the anchor to remove the gap as this can cause the machine frame to deform. Instead, place a shim between the bottom of the foot and the floor, then tighten the anchor.
 - Anchoring holes are provided on the feet of the frame. All anchoring locations must be used when anchoring the equipment to the floor.
- **DO NOT** install any fitness equipment near a pool, hot tub or other damp locations. Corrosion caused by installation in these locations can lead to premature failure of components.
- **Be sure all hardware is tight before using this machine.**
- **Some assembly materials may come preassembled in the carton. Refer to the Assembly Instructions for more information on disassembling any assembly materials before beginning assembly.**

MAINTENANCE SAFETY PRECAUTIONS

- Refer to the maintenance schedule table in this manual for when to perform maintenance.
- Check the function of your machine DAILY by verifying the following:
 - Verify that all adjustments are possible and carried out with ease. Make sure that each adjustment pin inserts completely into each position without binding.
 - Verify that safety catches and stops are in proper working order and engaged.
 - Verify that the exercise is performed smoothly, free of noise, and/or binding.
- Check the function of your machine WEEKLY by verifying the following:
 - Nuts, Bolts, and Fasteners: check tightness weekly. If any hardware has become loose, retighten it, use Loctite® Threadlocker 242, or both.
 - Frames and Lifting Arms: Inspect weekly for integrity and function. Replace any component at first signs of wear. Use only TRUE supplied components.
- Replace any warning label at the first sign of wear. Labels and the facility safety sign may be obtained from TRUE.

GENERAL CARE AND MAINTENANCE

IMPORTANT

Preventative maintenance is crucial to maintaining the function and safety of this equipment. Your facility must establish written guidelines for preventative maintenance and keep written or online records of the maintenance performed on these products. As a minimum, the items presented in the SAFETY section of this document and the items that follow here, should be included in your maintenance program.

- Nuts, bolts, and fasteners—check tightness weekly. If any hardware has become loose, retighten and/or use Loctite® brand Threadlocker 242. Be sure all hardware is tight before using the machine.
- Safety catches—inspect catches, stop rods and their associated fasteners. Tighten any loose hardware and replace any components at first signs of wear.
- Frames—sweat, disinfecting sprays and spills can lead to corrosion which may lead to premature failure of components. Wipe all machines down with a damp cloth and dry completely each day. This includes painted parts and chrome parts.
- Painted and chrome plated parts—use Simple Green with a dilution of 32:1 or similar cleaner for light dirt and grime. Use Turtle Wax Polishing Compound or a good car polish to remove heavier dirt and grease as well as for polishing. DO NOT use solvents, lacquer thinner, acetone or finger nail polish remover. For scuffs and marks that are not removed by the above methods use a soft scrub cleanser. Make sure all parts are dry upon completion.
- Exercise instruction labels—clean with soap and water as needed.
- Bronze bushings—check monthly for signs of wear and replace as needed.
- Linear bearing shafts—wipe any accumulation of dust or other contaminants from the shafts on a weekly basis. Apply a thin layer of a Teflon® (PTFE) grease on a weekly basis. TRUE recommends Magnalube® brand.
- When replacing any component, use only TRUE supplied parts.
- Be sure all hardware is tight before using the machine.

Retain these instructions for future reference. If you have any questions, do not hesitate to contact your TRUE dealer or TRUE product support (service@truefitness.com | 800.883.8783).

COMMERCIAL MAINTENANCE SCHEDULE

Commercial Maintenance Schedule					
	Daily	Weekly	Monthly	6 Months	Annually
Inspect all nuts and bolts and tighten if needed.		X			
Inspect safety catches, stop rods, and their fasteners. Replace at the first sign of wear.	X				
Inspect all anti-slip surfaces and replace as needed.		X			
Inspect all accessory bars and handles.		X			
Inspect all safety and instructional decals.	X				
Clean and polish frame.	X				
Clean and polish chrome.	X				

COMPLIANCES

This equipment complies with all applicable codes and regulations. For a complete list of compliances, please visit www.truefitness.com.

DIMENSIONS AND WEIGHTS

- ASSEMBLED DIMENSIONS (W X L X H)**
66" x 73" x 92" / 167 cm x 185 cm x 233 cm

- PRODUCT WEIGHT**
363 lbs / 165 kg
- MAXIMUM USER WEIGHT**
300 lbs / 136 kg
- MAXIMUM LOAD (USER WEIGHT + WEIGHT PLATES)**
765 lbs / 347 kg

POST CAPACITY		
Number of Storage Posts	Max Weight Plates Per Storage Post	Total Weight Plates Allowed
8	4	32

IMPORTANT! Storage posts are 50 mm in diameter, designed to accommodate olympic weight plates with center hole diameters of 50 mm. Spacing between the storage posts is specific to olympic weight plates and will not accommodate bumper plates.

ASSEMBLY INSTRUCTIONS

NOTE: Supplemental video available on YouTube: <https://www.youtube.com/@TRUEFitnessservicevids>

PREASSEMBLY CHECKLIST

⚠ CAUTION:

Use caution when assembling this product.
Unpacking and assembling this product requires two or more people.

Use caution when unpacking this product. Avoid damage to the product.
DO NOT use a box cutter. **DO NOT** slice into the packaging.

VERIFY BOX CONTENTS

IMPORTANT! Please verify all box contents. If you have questions, or if there are any missing parts, contact product support (service@truefitness.com | 800.883.8783).

TOOLS NEEDED FOR ASSEMBLY	
Wire Cutters or Scissors (used in unboxing the machine)	
#2 Phillips Screwdriver or Electric Screwdriver (both are optional in unboxing the machine)	
9/16" Wrench and 9/16" Socket Wrench	
Step Ladder (Highly Recommended)	

BOX CONTENTS		
Item	Image	Qty

HARDWARE PACK CONTENTS

XFW7910 HARDWARE PACK		
ITEM	DESCRIPTION	QTY
C 446LP	HHS, 3/8"-16, 1-1/4", LOCKING PATCH 	28
C 749	LOCK WASHER, 3/8", ZP 	28
C 754C	WASHER, FLAT, 3/8" USS 	36
C 452	HHS, 3/8"-16 X 3" 	4
C 766A	LOCK NUT, 3/8"-16 X 17/64", NYL 	4
C 955A	BASE WASHER, PLASTIC CAP, 3/8" BOLT 	8
C 955BK	CAP, PLASTIC, BOLT CAP, BLACK 	8
D-871A	PIN, 3/8" X 1-3/4" ROLL PIN, SLOTTED 	8

ASSEMBLY STEPS

STEP 1—ATTACH THE FRONT AND MIDDLE COLUMNS TO THE BASE FRAME ASSEMBLIES

Tools Used in this Step	
9/16" Socket Wrench	

Parts Used in this Step			
ITEM	PART#	DESCRIPTION	QTY
1	XFW79-BF000X-35	SUBASSEMBLY, BASE FRAME, XFW7900	2
2	XFW79-SF120X-35	SUBASSEMBLY, FRONT COLUMN, XFW7901	2
3	XFW79-SF125X-35	SUBASSEMBLY, MIDDLE COLUMN, XFW7901	2
4	C 446LP	HHS, 3/8"-16, 1-1/4", LOCKING PATCH	8
5	C 749	LOCK WASHER, 3/8", ZP	8
6	C 754C	WASHER, FLAT, 3/8" USS	8

Using a 9/16" socket wrench, attach the front and middle columns to the left and right base frame assemblies using 4 hex head screws, 4 lock washers, and 4 flat washers on each side.

NOTE: For examples purposes, the left base frame assembly is shown below.

STEP 2—ATTACH THE UPPER AND REAR FRAME ASSEMBLIES TO THE FRONT AND MIDDLE COLUMNS

Tools Used in this Step	
9/16" Socket Wrench	
9/16" Wrench	

Parts Used in this Step			
ITEM	PART#	DESCRIPTION	QTY
1	XFW79-CBR020X-35	SUBASSEMBLY, UPPER LEFT FRAME, XFW7900	1
2	XFW79-CBR010X-35	SUBASSEMBLY, UPPER RIGHT FRAME, XFW7900	1
3	XFW79-RF025-35	WELDMENT, LEFT REAR FRAME, XFW7900	1
4	XFW79-RF120X-35	SUBASSEMBLY, RIGHT REAR FRAME, XFW7901	1
5	C 446LP	HHS, 3/8"-16, 1-1/4", LOCKING PATCH	8
6	C 749	LOCK WASHER, 3/8", ZP	8
7	C 754C	WASHER, FLAT, 3/8" USS	16
8	C 452	HHS, 3/8"-16 X 3"	4
9	C 955A	BASE WASHER, PLASTIC CAP, 3/8" BOLT	8
10	C 766A	LOCK NUT, NYL, 3/8-16 X 17/64	4
11	C 955BK	CAP, PLASTIC, BOLT CAP, BLACK	8

- Using a 9/16" socket wrench, attach the upper left and right frame assemblies to the front columns and base frame assemblies using 2 hex head screws, 2 lock washers, and 2 flat washers on each side.
- Using a 9/16" socket wrench, attach the left and right rear frame assemblies to the base frame assemblies using 2 hex head screws, 2 lock washers, and 2 flat washers on each side.
- Using a 9/16" socket wrench and open end wrench, attach the left and right rear frame assemblies to the middle columns using 2 hex head screws, 2 lock washers, 2 lock nuts, 4 base washers, 4 flat washers, and 4 plastic caps on each side.

NOTE: For examples purposes, the left upper and rear frame assemblies are shown below.

STEP 3—ATTACH WEIGHT HORNS TO THE REAR FRAME ASSEMBLIES

Parts Used in this Step			
ITEM	PART#	DESCRIPTION	QTY
1	XFW79-WH010X	SUBASSEMBLY, WEIGHT HORN	8
2	XFT-HRK-RRNG	BUMPER, ROUND, 1-1/2" ID X 3" OD X 1"	8
3	D-871A	PIN, 3/8" X 1-3/4" ROLL PIN, SLOTTED	8

Attach 4 weight horns to the left and right rear frame assemblies using 4 round bumpers and 4 slotted roll pins on each side.

NOTE: For examples purposes, the left rear frame assembly is shown below.

STEP 4—ATTACH REAR BRACES AND FRAME HEADER

Tools Used in this Step

9/16" Socket Wrench

Parts Used in this Step

ITEM	PART#	DESCRIPTION	QTY
1	XFW79-CBR030-35	WELDMENT, REAR BRACE, XFW7900	1
2	XFW79-CBR030X-35	SUBASSEMBLY, REAR BRACE, XFW7900	1
3	XFW79-CBR015X-35	SUBASSEMBLY, FRAME HEADER, XFW7900	1
4	C 446LP	HHS, 3/8"-16, 1-1/4", LOCKING PATCH	12
5	C 749	LOCK WASHER, 3/8", ZP	12
6	C 754C	WASHER, FLAT, 3/8" USS	12

- Align the left and right base frame assemblies.
- Using a 9/16" socket wrench, attach the lower rear brace to the left and right rear frame assemblies using 4 hex head screws, 4 lock washers, and 4 flat washers.
- Using a 9/16" socket wrench, attach the upper rear brace to the left and right rear frame assemblies using 4 hex head screws, 4 lock washers, and 4 flat washers.
- Using a 9/16" socket wrench, attach the frame header to the left and right upper frame assemblies using 4 hex head screws, 4 lock washers, and 4 flat washers.

STEP 5—ATTACH SAFETY CATCHES AND CATCH HOOKS

Parts Used in this Step				
ITEM	PART#	DESCRIPTION	QTY	
1	XFW79-CT100X-35	SUBASSEMBLY, LEFT SAFETY CATCH, XFW7901	1	
2	XFW79-CT110X-35	SUBASSEMBLY, RIGHT SAFETY CATCH, XFW7901	1	
3	XFW79-HK200X-35	SUBASSEMBLY, LEFT CATCH HOOK, XFW7901	1	
4	XFW79-HK210X-35	SUBASSEMBLY, RIGHT CATCH HOOK, XFW7901	1	

- A. Attach the left and right safety catches to the front and middle columns.
- B. Attach the left and right catch hooks to the middle columns.

STEP 6—VERIFY ALL ADJUSTMENTS FUNCTION AS INTENDED

Pull the safety catches and catch hooks out of the front and middle columns using the pop pins and place them into each of the adjustment holes for the front and middle columns.

NOTE: The front and middle columns have twenty-three adjustment holes.

IMPORTANT! Verify the pin inserts in and out of each hole completely.

⚠ CAUTION: To reduce the risk of serious spinal injury, DO NOT place the safety catches below the level indicated on the warning labels (LBL-WRN-0014).

IMPORTANT! The distance from the floor to the top of the safety catches must not be any lower than 31" (78.74 cm).

IMPORTANT! The safety catches must be used at all times when using the machine.

If any of the adjustments are not functioning as intended, contact TRUE product support:

- service@truefitness.com
- 800.883.8783

Monday - Friday 8:30am - 5:00pm (CST)

PREVENTATIVE MAINTENANCE

Preventative maintenance is crucial to maintaining the function and safety of this equipment. Your facility must establish written guidelines for preventative maintenance and keep written or online records of the maintenance performed on these products. As a minimum, the items presented in the Safety Instructions section of this document and the items that follow here, should be included in your maintenance program.

IMPORTANT! Always purchase replacement parts from TRUE. Many parts are tested and manufactured specifically for TRUE equipment. Use of unapproved parts may cause serious injury and/or void the limited warranty.

DAILY INSPECTION AND MAINTENANCE

The following items are critical to the safety of users and maintenance staff as well as ensuring the optimum performance of the machines. These inspections should be performed each day before the equipment is subject to use. TRUE is not responsible for performing or scheduling regular maintenance or inspections.

- Inspect for cleanliness. Wipe and dry the frame and chrome. (See cleaning the equipment.)
- Inspect all safety and instructional decals.
- Verify that rubber hand grips are intact and secure.
- Verify that anti-skid foot grips are intact and secure.

WEEKLY INSPECTION AND MAINTENANCE

The following items are critical to the safety of users and maintenance staff as well as ensuring the optimum performance of the machines. These inspections should be performed each week. TRUE is not responsible for performing or scheduling regular maintenance or inspections.

- Verify that all hardware is tight and that associated frame members are secure. Apply a few small drops of a thread locking compound such as Loctite® on any loose bolts.
- Inspect frame for integrity and function. Replace any components at the first sign of wear with only TRUE supplied parts.

OTHER SCHEDULED PREVENTATIVE MAINTENANCE

TRUE recommends that scheduled maintenance be performed by a qualified service technician. Please contact your dealer or visit www.truefitness.com to contact a local TRUE authorized service technician.

CLEANING THE EQUIPMENT

Daily Cleaning

Wipe all machines with a water dampened cloth and dry completely. This includes painted parts, chrome plated parts, and plastic parts. It is important not to leave parts damp. This will increase the potential for corrosion to occur.

⚠ CAUTION: Certain anti-bacterial cleaners and other harsh cleaning agents can induce corrosion on the machine components.

Heavy Duty Cleaning

- Chromed Adjustment Tubes—Wipe away dust and dirt before applying a Teflon spray lubricant. TRUE recommends using Tri-Flow™ or a similar brand.
- Painted Frames—If you have scuff marks, grease or a heavy dirt buildup on frame components, start with a mild soap solution or a diluted solution of a product such as Simple Green with a dilution of 32:1. If you cannot remove the marks using those methods, use a car polish/cleaner. **DO NOT** use solvents such as lacquer thinner, mineral spirits or acetone. For deeper scuff marks, use an automobile finish rubbing compound.
- Plastic Parts—Use a mild soap solution to clean dirt and grease marks.
- Labels—Use a mild soap solution to clean dirt and grease marks.

⚠ CAUTION: Do not use any acidic cleaners. Doing so will weaken the paint or powder coatings and may void the TRUE Warranty. Never pour or spray liquids on any part of the equipment. Allow the equipment to dry completely before using.

⚠ CAUTION: If you determine that the equipment needs service, make sure that the equipment cannot be used inadvertently and ensure other users know that the machine needs service.

To order parts or to contact a TRUE authorized service representative, please visit www.truefitness.com.

WARRANTY INFORMATION

ATTENTION OWNER'S: To ensure you get the most out of your purchase and receive the full benefits of our warranty, you must register your product within 45 days of purchaser's receipt of this product.

COMMERCIAL WARRANTY

CARDIO

WARRANTY ITEM	VAPOR, APEX	GRAVITY PLUS	GRAVITY	ADX, RO, SURGE

Warranty does not cover damage or equipment failure resulting from or caused by improper assembly/installation, accident, misuse, abuse, unauthorized modification, or failure to provide reasonable and necessary maintenance.

*Frame is the serialized base of the unit and does not include paint or coatings. Frame warranty will equal that of parts warranty unless, within 45 days of purchaser's receipt of this Product (A) the warranty is registered on-line or (B) if the form provided with equipment is filled in, signed by the original purchaser, and mailed to TRUE.

**Labor warranty is available for equipment located within United States. TRUE Fitness equipment is automatically covered under a 6-month Limited Labor Warranty. This 6-month Limited Labor Warranty begins from the date of purchase shown by a valid receipt. If a valid receipt is not available, the 6-month Limited Labor Warranty period begins from the date of manufacture on the originally purchased equipment.

***Wear Items include: batteries, covers, caps, badges, paint, pedal straps, toe clips, elliptical pedal inserts, foot pads, Coax/TV, HDMI, USB, mirroring or Ethernet connections, and safety key.

See Warranty Details for product registration requirements, terms, conditions, and complete coverage details.

ATTENTION OWNER'S: To ensure you get the most out of your purchase and receive the full benefits of our warranty, you must register your product within 45 days of purchaser's receipt of this product.

WARRANTY DETAILS

All TRUE Fitness products are distributed by TRUE and are warranted to the original product purchaser and the parts of the TRUE product (the "Product") listed below. During the applicable Warranty Period, the Product, under normal use and service, shall be free of manufacturing defects in workmanship and materials.

NOTE:

- Standard shipping is included with warranty part replacement.
- Shipping for warranty frame or replacement is included for the period of three years from the original date of purchase.

All Warranty Items are "LIMITED"

- This limited warranty does not cover damage or equipment failure resulting from or caused by improper assembly/ installation, failure to follow instructions and warnings in owner's manual, accident, misuse, abuse, unauthorized modification, failure to provide reasonable and necessary maintenance, software version upgrades, compatibility with third party/aftermarket hardware, software, applications, or websites.
- TRUE's liability shall under no circumstances exceed the actual amount paid by you for the product, nor shall TRUE under any circumstances be liable for any consequential, incidental, special or punitive damages or losses, whether direct or indirect.
- Some states or countries do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.
- TRUE will neither assume nor authorize any person to assure for us any other obligation or liability concerning the sale of this Product. Under no circumstances shall TRUE be liable under this warranty, or otherwise, of any damage to any person or property, including any lost profits or lost savings, for any special, indirect, secondary, incidental, or consequential damages arising out of the use of or inability to use this Product.
- This limited warranty, which is given expressly and in lieu of all other express warranties, constitutes the only warranty made by TRUE.
- The remedies described herein are your sole and exclusive remedies and TRUE's entire liability for any breach of this limited warranty.
- No one is authorized to change, modify, or extend the terms of this limited warranty.
- This limited warranty is in lieu of all other warranties of any kind either expressed or including but not limited to implied warranties of merchant.
