

VAPOR SURGE SPIN BIKE

The Surge Cycle Bike delivers durability and performance for any fitness space. Its maintenance-free magnetic resistance, rear-wheel design, and intuitive console provide a seamless ride, while adjustable seating ensures optimal positioning.

FEATURES

- Magnetic resistance provides smooth, frictionless operation, and the built-in generator powers the console—eliminating the need for battery changes.
- The rear flywheel is positioned for durability, protecting against sweat and corrosion to deliver long-lasting performance.
- A Poly-V belt drive offers a quiet, reliable ride without the need for oiling or frequent maintenance.
- The seat is fully adjustable both vertically and horizontally, allowing every user to find their ideal fit.

SPECIFICATIONS

DIMENSIONS (L x W x H)
59" x 24" x 44" / 150 cm x 61 cm x 112 cm

Q-FACTOR
6.46" / 16.4 cm

DRIVE SYSTEM
Rear Drive with Poly-V Belt

PRODUCT WEIGHT
112.5 lbs / 51 kg

CONSOLE

The Surge Cycle Bike's intuitive, self-powered console features built-in workouts and real-time performance tracking. Riders can monitor RPM, watts, heart rate, and calories on a clear digital display, ensuring an engaging and effective workout in any fitness setting.

Multiple hand positions facilitate greater comfort, variety, and more activation of chest, back, and arm muscles.

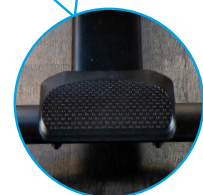

The dual adjustable seat provides horizontal and vertical adjustments, providing biomechanically correct positioning.

A dynamic calorie meter, plus real-time feedback on all performance metrics.

LCD CONSOLE

Built-in pre and post workout stretching plates
